SUMMARY

Frontend Developer with hands-on experience building modern, responsive, and scalable web applications using React.js and JavaScript. Skilled in creating user-friendly interfaces, integrating REST APIs, managing application state with Redux Toolkit, and developing responsive designs with Tailwind CSS. Passionate about writing clean, maintainable code and delivering high-performance web applications with exceptional user experiences.

EXPERIENCE

Frontend Developer

Self-Learning & Personal Projects

- Built multiple frontend applications using React.js and modern JavaScript.
- Developed responsive, mobile-first user interfaces.
- Integrated REST APIs using Axios.
- Implemented state management with Redux Toolkit.
- Managed project source code using Git and GitHub.
- Focused on performance optimization, reusable components, and clean coding practices.

PROJECTS

E-Commerce Web Application | Technologies: React.js, Redux Toolkit, Tailwind CSS

- Developed a responsive e-commerce application with a modern user interface.
- Implemented product listing, filtering, and shopping cart functionality.
- Managed global application state using Redux Toolkit.
- Built reusable components to improve maintainability and scalability.

Full-Stack Todo Application | Technologies: React.js, Axios, Redux Toolkit, Authentication

- Developed a modern Todo application with a clean and responsive user interface.
- Integrated REST APIs to perform CRUD operations.
- Implemented secure user authentication with login and logout functionality.
- Designed responsive layouts optimized for desktop and mobile devices.

Portfolio Website | Technologies: HTML5, Tailwind CSS, GSAP, EmailJS, JavaScript

- Designed and developed a personal portfolio website to showcase projects and technical skills.
- Created responsive layouts with smooth animations using GSAP.
- Integrated EmailJS for the contact form.
- Optimized website performance, accessibility, and user experience.

Additional Frontend Projects

- Landing Pages
- Responsive User Interfaces
- Reusable UI Components
- Authentication Interfaces
